

22x238 mm striker - round ends, with shaped lip

Description

Steel or brass striker with round ends, 22 mm wide - 238 mm long. 10 mm shaped lip for jamb protection in area where spring latch strikers. Suitable for both right and left-handed applications.

Application

Used in combination with a 22-mm forend Patent Grande lock, on interior flush doors with timber frame. Can also be used with a 22-mm forend Mortice lock.

Mounting

Mill the frame according to the dimensions shown in the diagram. Install the striker with the lip flush with the edge of the frame. Fasten with three 3x25 mm screws.
